

DRISHTEE - Company Profile

Why Drishtee – A Preferred Choice for Aspiring Changemakers?

Drishtee operates across **7000+ villages in India** through a multi-vertical, franchisee-based model generating annual revenues of over **\$4 million**.

We collaborate with leading organisations such as **NSDC, Godrej, Nestlé**, and several other partners.

Our work focuses on **entrepreneurship, value creation, and sustainable rural development**, guided by our core framework of **Swavlamban (Self-Reliance)**.

About the Opportunity

We are offering a **6-month Fellowship Programme**, with the opportunity for Fellows to be absorbed into **full-time roles upon successful completion**.

The role focuses on **building and scaling rural micro-enterprises** while enabling sustainable economic opportunities for rural communities. Fellows will gain hands-on exposure in:

- Building and supporting **rural start-ups and micro-enterprises**
- **Scaling rural businesses** through market access and operational support
- **Product development and quality improvement** for rural products
- **Strengthening rural supply chains** and connecting producers to markets
- Creating **successful business stories and impact storytelling**
- Building strong **rural networks across supply chain and banking ecosystems**
- Enabling rural entrepreneurs to develop **market-ready products and services**

This immersive experience provides an excellent foundation for students interested in **entrepreneurship, business development, rural markets, and the social impact sector**.

Following the fellowship, based on performance evaluation, candidates may be considered for **full-time employment with Drishtee**.

Fellowship Details
