

Drishtee AI Voice Interview – Complete Preparation Guide (Vidushi)

1. Tell me about yourself

I am a final-year Computer Science student at IEST Shibpur with experience in Python, C++, and backend development. I have worked on real-time systems like a cryptocurrency order execution engine and a transaction cost simulator using WebSockets and machine learning. I have also completed internships where I built scalable backend systems and APIs. I enjoy solving problems and have solved over 800 DSA questions. I am now looking to apply my skills in an impactful role.

2. Why Drishtee?

Drishtee focuses on enabling livelihoods in rural communities, which creates real impact. I want to work where my contributions directly affect people's lives while growing professionally.

3. Strengths

Strong problem-solving ability, experience with efficient system design, and quick adaptability to new technologies.

4. Weakness

I sometimes over-optimize solutions. I am improving by balancing quality with deadlines.

5. Challenge

Worked on reducing latency in a trading system by redesigning architecture and optimizing processing, achieving ~85% improvement.

6. Project

Built a low-latency crypto trading engine using WebSockets and lock-free structures, significantly improving execution speed.

7. Future Goals

To grow into a strong engineer building scalable and impactful systems.

Additional Practice Questions

Why should we hire you?

I bring strong technical skills, proven problem-solving ability, and a willingness to learn and contribute meaningfully.

Tell me about teamwork experience

During internships, I collaborated with product teams to define and implement features, ensuring smooth delivery.

How do you handle pressure?

I break problems into smaller parts, prioritize tasks, and stay calm to maintain efficiency.

Last-Minute Cheat Sheet

Structure: Intro → Detail → Example → Conclusion

Keep answers: 30–90 seconds

Speak: Slow, clear, confident

Avoid: Fillers, long pauses, memorized tone

Before answering: Pause 1 second

Energy: Natural + slightly enthusiastic
