Job description

Trainee – International Markets

Position Summary

Futures First offers a unique opportunity in India to work in the world's most stimulating, liquid, and well-developed derivatives markets. This is an exciting challenge and an excellent opportunity for bright, analytical, highly motivated graduates to join a vibrant business and participate directly in today's dynamic world markets.

At Futures First we are committed to provide our employees with the best in technology, training, and continuing education which includes training on financial markets and products, risk management, soft skills development and one-on-one mentoring to develop the requisite psychological and endurance skills.

Job Profile

The job involves dealing in the most exotic financial derivatives & futures markets and would be trained to acquire the strong understanding of market structure for various Asset classes. It would require Identification, Research and Development of new strategies and ideas. It would involve analyzing and assimilation of market news/information/data to determine market sentiments, using technical and fundamental analysis in making decisions.

Requirements

Education Qualifications:

- Strong Academics, Degree Educated or Equivalent.
- Preferable educational streams: Commerce, Finance, Economics, Mathematics, Statistics and Engineering.

Work Experience:

- Not required
- In case of experienced candidates, good understanding and experience in futures markets and proven track record is essential.

Skill Set:

- Numerate, great at math
- Quick thinker, especially under high pressure
- Competitive
- Sharp, with deep intelligence
- Hardworking
- Passionate and driven to succeed
- Perform even better under pressure, and retain capacity for dispassionate learning in real-time
- Demonstrated strength of character: integrity, initiative, judgment, commitment, emotional stability, persistence, resilience.
