

## **Operating procedure and norms for participation in campus Internship opportunities for UG students of IEST, Shibpur**

The operating procedural aspects & norms elaborated here for internship program mainly related to UG students, are in alignment with the institutional Internship Policy as announced vide order No. 2056/ Exam Dt. 29<sup>th</sup> March 2022 and order No. 300/ACAD/2024 Dt. 13<sup>th</sup> November 2024

### **1.0 Internship during designated vacation period as per relevant academic calendar – Norms & procedures (for internship opportunities facilitated by HRM department)**

Internship for UG students, at the end of sixth semester being a credit-bearing integral part of academic curriculum (Order No. 2056/Exam dt. 29.03.2022), all concerned eligible students are required to undertake internship preferably in the break between 6<sup>th</sup> & 7<sup>th</sup> semester for a duration of 8 weeks approximately. The detail guidelines describing "Policy and Implementation modalities for Internship of Undergraduate students of IEST, Shibpur" are available in the institute's website (<https://www.iests.ac.in/assets/images/notifications/IEST%20students%20policy%20implementation.pdf>)

Different ways of obtaining an Internship have been elaborated in clause 1.6 of the aforesaid order no. including opportunities facilitated by HRM department

1.1 Procedures & norms for participation in internship opportunities facilitated by HRM department are aligned with the Institute's policy. In order to facilitate students to get placed for internship in the summer break between 6<sup>th</sup> & 7<sup>th</sup> semester, HRM department invites/ approaches various industries/ Organizations/ Companies to organize campus Intern selection process

1.2 All concerned UG students interested and eligible to take part in "campus internship process" facilitated by HRM department, are required to register and enroll for Campus Internship process in "Superset" (a communicating portal of HRM department used for placement purpose) usually in their 4<sup>th</sup> semester within the given window period prior to beginning of placement/ internship season for which a separate notification is published in institute's website (<https://www.iests.ac.in/IEST/Notices/?type=Placement>) for relevant pass-out batch.

1.3 Students not registered & Enrolled in Superset for the internship facilitated by HRM department will be considered as either they are not interested or arranging internship through their own initiative/ or other modes as detailed in cl. 1.6 of the said order.

1.4 For internship of 3<sup>rd</sup> year students (between 6<sup>th</sup> & 7<sup>th</sup> semester), HRM department focuses on recruiters offering paid internship with a possibility of

*(Confidential & for internal circulation only within IESTS)*

conversion into PPO. There is no categorization of profiles of internship and stipend during internship is entirely at the discretion of recruiter.

1.4 Upon receipt of recruiter's official confirmation to partake in campus intern-recruitment drive with relevant inputs of a "job profile", A job (internship) notification inviting application from the eligible students within the deadline will be published through Superset. Deadlines for Superset application, application in Job link/ company's portal and/ or filling of Google-form related to placement/ internship process must be honored by the student-applicants. Missing deadline can't be helped

1.5 Eligibility criteria in respect of Marks/ CGPA, courses, disciplines, backlog etc for a intern-profile are set by recruiter for which HRM department or this institute have no role or control on the same

1.6 Date/ slots for conducting selection drives are decided/ allotted based on the mode (online/ offline/ hybrid), profile matrix, spectrum of branches involved, recruiter's preference, availability in campus calendar and mutual convenience. Process notifications/ schedules, instructions etc of selection process are communicated to the students through Superset and/ or email.

1.7 Selection drive may take place through online/ offline/ physical or hybrid mode. Based on recruiters' preference, physical mode of process may occur in campus, other college campus (in case of pool campus), recruiters' office premises or in other locations. It is mandatory for the Students shortlisted for such processes, to participate in the drive

1.8 Any student got selected by any recruiter through campus internship drive will be reserved for the said recruiter and will remain blocked from availing other campus internship opportunities.

1.9 Students selected for PPO (pre-placement offer) as a result of internship, will be reserved for the same Company/ recruiter and would remain blocked from availing all other campus placement opportunities, irrespective of categories. PPO resulted out of competition, hackathon or any other off-campus internship, if communicated/ routed via HRM department or institute, such PPO will be a part of campus placement/ selection and the appropriate placement norms will apply.

1.10 It is the responsibility of the students to check and comply with all the notifications/ updated information/ announcements for any placement/ internship process as cascaded through Superset and/ or email communications from time to time. Honouring the deadline and participation in the process in the timely manner is mandatory. Missing the deadline and/ or being late in attending the process would lead to rejection of candidature

1.11 Shortlist/ screening of student-applicants at any stage is prerogative of the recruiter for which this institute or HRM department has no role. Students shortlisted for any selection drive must participate in all the levels/ steps of selection unless

***(Confidential & for internal circulation only within IESTS)***

rejected by the concerned recruiter. Voluntary withdrawal by the students at any stage of selection is strictly not allowed

1.12 Students must maintain discipline and comply rules of selection process set by the recruiter and demonstrate ethical behaviour/ approaches during participation in the process. Any student found or reported by the recruiting team for flouting the discipline rules, found or reported by the recruiter for adopting unfair means or misbehaving during participation of the process (PPT, test, GD, interview as applicable), such students are liable to face serious consequences including blocking from participation in the placement processes for the entire academic year

1.13 If a student is found to be **absent** at any stage of the internship selection process (after his/her name is screened / shortlisted in any of the preceding stage by the recruiter), the same student is **likely to be barred** for next two companies at the discretion of HRM department/ competent authority of the institute.

1.14 If a student found eligible but not applied against **consecutive 3 internship-job notifications**, it will be construed as the concerned student is inclined to arrange internship through own-initiative and will be blocked from further opportunities

1.15 For answers to all other placement & Internship related queries/ questions, students are advised to go through "FAQs regarding Campus placements" which are shared with students registered & enrolled for campus placement/ internship process

1.16 For In-country internship which students intend to pursue through their own initiative, a consolidated flow chart explaining/ guiding the modalities of application and obtaining endorsement/ NOC from the institute is attached along with the suggested format of application (when there is no specific format from industry/ Company where the students intend to apply)

## **2.0 Internship in the last (8<sup>th</sup> semester) for final year B. Tech students**

2.1 This institute allows last semester (8<sup>th</sup> semester) internship for **B. Tech students selected by recruiter** for full time employment (FTE) role according to the notification No. 300/ACAD/2024 dated November 13, 2024. The operating procedure in alignment with the said notification is elaborated in subsequent clauses

2.2 Upon receipt of confirmed selection of students for FTE role by a recruiter/ Company through campus placement drive, such selected students with valid offer letter / Letter of Intent may be allowed for undertaking "**last semester internship preceded by onboarding for FTE role**" subject to fulfillment of all academic requirements, stipulations and institute's regulatory norms as applicable

2.3 Students selected for FTE role through placement drive and required to undertake internship in the last semester before their onboarding, should apply in advance to the Head of the department where they belong and/ or the competent authority for **obtaining necessary permission/ clearances/ NOC as guided/**

*(Confidential & for internal circulation only within IESTS)*

**explained through the said notification** (300/ACAD/2024 dated November 13, 2024).

2.4 For such selected students with the requirements of **“internship prior to onboarding for FTE role”** through campus placement process, regulatory norms including blocking from other campus opportunities will be applicable as per prevailing placement policy/ norms of this institute

2.5 Last semester (8<sup>th</sup>) internship for B. Tech students is related to placement in the form of FTE role. Issues / requirements / stipulations related to the last semester internship should be read in tandem with the relevant “placement policy” and the aforesaid notification that entitles such provision.

### **3.0 Other Important Points:**

3.1 Internships during vacation (e.g. summer break) are to be undertaken only during designated vacation period as announced by institute’s Academic calendar. Any application for the student, for internship of a duration that extends beyond such designated vacation, would be forwarded to the recruiter by HRM department, only after he/she gets formal clearance for his/her department for the extended duration.

3.2 It may please be noted that the HRM department does not recommend any particular student(s) for internship in any particular organization. If any student is willing to undertake the internship in any particular organization, the application made by the student concerned directly to the employer after due endorsed by his/her departmental HOD or DTPC, would be forwarded by HRM department with a statement of “No Objection”.

3.3 There is no official provision for internship of post-graduate students as per the internship policy (order no. 2056/ Exam dt. 29.03.2022) except for students of MBA (PG). Students of MBA according to the course curriculum are entitled to undertake internship for 2 months approximately in the summer break after 2<sup>nd</sup> semester. For such students’ modalities, norms, regulations are applicable similar to UG students for both internship opportunities facilitated by institute (HRM department) and through students’ own initiative.
